

Purpose and Background Information:

To address the critical need to invest in human capital, respond to industry led workforce demands, and advancing opportunities for historically underserved and marginalized communities. The emphasis of this funding is to partner with private sector to support productivity, keep Lane County businesses viable and competitive and offer opportunities and skill development for Lane County workers.

Lane Workforce Partnership (LWP) is currently seeking applications from businesses or groups of businesses in need of a Customized Training Solution. Customized training can be used for training new workers or current employees. The program is business-driven where the business decides who will provide the training (e.g., external trainer, institution of higher education, internal staff person), what curriculum will be used, and which workers will be trained. Funding is provided by the State of Oregon Prosperity 10,000 Program, a component of the larger Future Ready Oregon Program.

Each project must directly impact one or more of Lane County’s priority Sectors supported by an existing sector lead or Onward Eugene. (priority sectors see below.)

Each project must demonstrate a focus on advancing opportunities for:

- historically marginalized and underserved communities
- people of color
- women
- rural communities
- veterans
- the disability community
- people with low incomes

Priority Sectors: Technology, Food and Beverage Manufacturing, Construction/Aggregate, Transportation, Wood Products, Healthcare, Creatives, Advanced Manufacturing and Bio-Science. More information on Lane’s Industry Sector Partnerships can be found on our website www.laneworkforce.org.

Eligibility and Application:

For eligibility questions or to submit your completed application with all required attachments, send email to: Info@laneworkforce.org attention to Cindy Perry, Director of Workforce Programs.

Funding and Timelines:

There is no minimum award amount. However, the maximum award amount will not exceed \$75,000. The application process will be on-going with an initial review process to start September 1, 2022 with planned start dates of October 1, 2022. All project work must be completed by June 30, 2023.

Funding Limitations:

Projects must be employee-focused (new or current workers) and include documented participation. Projects can include the costs of a trainer but not the wages/time of participants. Projects can include space costs, technology, and food. Alcohol is strictly prohibited

LANE WORKFORCE PARTNERSHIP
